Read:-1. Letter No. 13011/15/99-Credit-II dated
16-07-1999 from Government of India,
Ministry of Agriculture, Department of
Agriculture & Co-operation, New Delhi.

The New National Agricultural Insurance Scheme (NAIS) is being implemented from Rabi 1999-2000 season. The State Government is also implementing this scheme in the State of Goa from the Rabi 1999-2000 season at the taluka level in collaboration with Agriculture Insurance Company of India Ltd. (AIC). The scheme will be continued during Rabi 2007-08 season with effect from 1st October, 2007.

1. That, the scheme would broadly cover Paddy, Pulses and Groundnut crops at the taluka level with unit of Insurance as taluka for paddy, pulses and groundnut. The following crops and areas are hereby notified to be covered under this scheme for Rabi 2007-08 season.

Sr. No.	Notified Taluka	Notified Crops
1.	Tiswadi	Paddy, Pulses, Groundnut
2.	Bardez	Paddy, Pulses, Groundnut
3.	Salcete	Paddy, Pulses, Groundnut
4.	Mormugao	Paddy, Pulses, Groundnut

Sr. No.	Notified Taluka	Notified Crops
5.	Pernem	Paddy, Pulses, Groundnut
6.	Bicholim	Paddy, Pulses, Groundnut
7.	Satari	Paddy, Pulses, Groundnut
8.	Ponda	Paddy, Pulses, Groundnut
9.	Sanguem	Paddy, Pulses, Groundnut
10.	Quepem	Paddy, Pulses, Groundnut
11.	Canacona	Paddy, Pulses, Groundnut

2. That, the premium rate for Rabi 2007-08 season would be 1.55% for paddy, 2.00% for pulses and 1.50% for groundnut crops of the sum insured or the actuarial rate whichever is less.

3. That under the scheme, insurance coverage is compulsory for all loanee farmers availing Seasonal Agricultural Operations (SAO) loans from Financial Institutions for notified crops in notified areas upto the full loan amount. Additional coverage under the scheme is also available (at the option of farmer), beyond the loan amount upto the value of 150% of average yield (Average yield of the State based on yield of past 3 years in case of Paddy and past 5 years in case of Pulses and Groundnut Crops). The maximum value of additional coverage is equivalent to State average yield multiplied by Minimum Support Price (MSP) announced by the Government of India or the Market Price (MP) where MSPs are not announced in the season/year.

4. That for loanee farmers, in such cases where amount of crop loan availed works out to be more than either the value of threshold yield or 150% of average yield, normal premium rates (lowest of flat rates or actuarial rates) shall be applicable on the full amount of loan availed, as full amount of loan is to be compulsorily insured. The crop wise levels of indemnity, limits of sum insured and applicable premium rates in the State are given below:—

Notified Crops	Level of Indemnity	Normal Coverage per ha (upto value of T. Y value)		Additional Coverage per ha (beyond T. Y. and upto 150% of A. Y.)		Total (per ha)
		Sum Insured (Rs.)	Normal Premium Rate (in %)	Sum Insured upto (Rs.)	Actuarial Premium Rate (in %)	Sum Insured (Rs.)
Paddy	90%	22143	1.55	14762	1.55	36905
Pulses	80%	10714	2.00	9374	3.90	20088
Groundnut	80%	22691	1.50	19854	3.80	42545

5. That coverage is also available for all non-loanee farmers on optional basis. The sum insured in case of non-loanee farmer is calculated on the basis of value of T. Y. i.e. Threshold Yield multiplied by MSP and it can be extended to the value of 150% of Average Yield. The details are given above.

6. The Financial Institutions shall compulsorily cover all crop loans disbursed, for notified crops, through Kisan Credit Cards and banks shall maintain necessary registers and control for smooth and effective coverage of loan.

In case the total amount of loan for particular crop withdrawn through KCC during the season exceed the sub-limit fixed for the crop then the sum insured shall be limited to the sub-limit fixed for such crop in the KCC. The KCC sub-limit for consumption, medium term loans, allied activities and uninsurable crop loans are not eligible for coverage.

The Banks shall ensure the following while giving loans through KCC.

a) The "Credit Appraisal Form" received from the farmer by the bank for issuance of KCC, contains detailed information with regard to the extent of land holding, crops grown, etc. the banks should have no problem in specifying the credit limits for each crop separately. These limits shall also be furnished separately for

Kharif and Rabi seasons as also crop-wise in the KCC.

b) The farmer while withdrawing money on KCC, shall mention the cropwise quantum of amount availed (on pay slip) in order that the bank shall note down cropwise particulars vis-a-vis credit limit approved. The details given by the farmers at the time of withdrawal shall form the basis for coverage under NAIS.

c) As the KCC provides for revolving credit, a farmer can withdraw and repay any number of times during the year. This revolving credit may therefore tempt a farmer to go for cyclical withdrawal and repayment during adverse crop season and thus insure his crop for a high sum insured. However, if a farmer is going for higher sum insured (beyond the value of T. Y.) as provided in the scheme, then he will have to do so at the beginning of the season and the cut-off date will be the one applicable for non-loanee farmers.

d) It is requested to submit separate Declarations for loanee farmers covered under KCC.
